## OBJECTIVE

Seeking a challenging role as a Mechanical Engineering Technician where my hands-on experience in automotive maintenance and workshop operations, coupled with a National N Diploma in Mechanical Engineering, can contribute effectively. With a strong foundation in workshop safety, fault diagnosis, and engine servicing, I aim to leverage my technical skills and commitment to excellence to support and enhance the operational efficiency of your engineering team.

---

## EXPERIENCE

### MECHANICAL ENGINEERING TRAINEE (WIL)

Makhado Municipality | June 2022 - June 2024

- Ensured workshop safety and compliance
