8. Presentation by Roads and Stormwater Services (Annexure H)
9. Discussions and Way Forward

CoE committed to a follow-up meeting towards the end of October 2026 (date will be communicated) to elaborate on the matters discussed as well as to provide feedback on :

- Outcome on the NERSA/COE Electricity Tariffs
- COE Memorandum of Understanding with the OBF
- Reinvestment into the Olifantsfontein industrial area in relation to the revenue generated by COE from industry
- Capital projects in terms of infrastructure maintenance and upgrades earmarked for the area in the revised budget

Water and Sanitation:

- Water Reservoir maintenance and upgrades
- Water valves maintenance and upgrades
- Water Meters
- Material and equipment for repairs and maintenance
- Jet Trucks' availability for sewer complaints

Energy

- Plan of action to minimise power dips/ESKOM
- Streetlights reinstatement
- Infrastructure vandalism (security)

Roads and stormwater

- Pothole repairs
- Roadmarkings and traffic sign maintenance
- Traffic signals maintenance and reinstatement
- Stormwater drains – repairs and maintenance
- Water canal Spanner Road – upgrade, repairs and maintenance

The Olifantsfontein Business Forum would like to express its sincere gratitude to the Honourable Mayor, the MMC, ward councillors, Heads of Departments, divisional heads and senior officials for affording business the opportunity to engage with the City on matters of concern which has a direct impact on the sustainability of the environment of the business area.

We look forward to future constructive engagements with the City to ensure a sustainable and prosperous industrial area.

Nicolas Eleftheriades (OBF Chairperson)

For and on behalf of the Olifantsfontein Business Forum
